Diane Lively, daughter of Mr. and Mrs. Edmond Lively, doesn't really know if she is laughing or crying here. But she does know she is happy, because she has just been named Miss Hondo 1972. Competition was keen in the Lions Club sponsored contest Saturday night. First Runner-up honors went to Melissa Muennink, daughter of Mr. and Mrs. John Muennink and Rene Zinsmeyer, daughter of Mr. and Mrs. Jerome Zinsmeyer, was named Second Runner-up. ## A F program is official!

The official word is out, Hondo Airbase will be the site for the Air Force's consolidated T-41 flight screening program which will be an approximately \$1,000,000 annual project over a three to five year period. This program is expected to begin in June 1973. Official word came from

the office of U. S. Senator John Tower and the text of the message, which confirms a story published in the Anvil Herald on August 17, is as follows: "The Air Force today (Friday, August 25) informed Senator Tower of its selection of the Hondo Municipal Airport as the site for a con-

solidated T-41 flight screening program. "The T-41 training program will be part of the School of Military Sciences, Officers (formerly Officers Training School) at Lackland AFB and will conduct flight operations from a single civilian airfield instead of at nine airfields as is being

done at present. "The new flight screening program will be operated by a single civilian contractor or in lieu of the present multi-contractor operated program. Personnel Required "It is anticipated that the program will require a contract force of about 70 people to fly and maintain approximately 70 drop-driven T-41 aircraft, known commercially as the Cessna 172. "In addition 11 Air Force personnel will be assigned to accomplish necessary administrative and quality control tasks associated with conducting the program. "Sixteen classes annually

will attend this three-week flight screening program which is conducted to determine the candidate's pilot potential before he is permitted to progress to more sophisticated and expensive T-37 and T-38 jet aircraft. About 1121 officer candidates

WAYNE JACKSON

... of Van Horn, Texas visited our office Monday morning to add his sentiments to those who feel Highway 90 through Hondo is a "speed trap".

The West Texas resident was heading east and got a citation at the western city limits doing 64 in a 50 mile zone. He went and paid his fine, but felt he wanted to register a complaint, so he came to our office.

Jackson feels the speed zones in that area drop too quickly. "You are driving along in a 70 mile zone," he says, "and all of a sudden it says 55 and then almost immediately 50. Too you think you are still out in the country since there is no congestion of houses or businesses in that area."

He feels that the speed should be dropped more gradually, or have a sign before the curve saying something to the effect: "You are entering Hondo, Texas, please slow down." (But there is a sign saying "Speed Zone Ahead" a good distance before the city limit sign.)

I explained to him one main reason for slowing Highway 90 traffic at that particular spot is the heavy traffic coming from Universal Rundle and Gary at times.

This didn't really satisfy him because this was only the second citation he has ever received. "And this one I don't believe was justified," he said.

Jackson certainly was not belligerent and he was not angry at the patrolman whom he said was only doing his job. He just wanted to express his feelings to someone that might listen. We did, and now have passed them on so that others who feel the same way can shake their heads and say, "I'm behind him 100 percent."

Since my brother and sister-in-law teach school at Salt Flat, Texas, which is a part of the Van Horn School District, I asked Mr. and Mrs. Jackson if they knew them. And he did; said he had met them on a few weeks ago at a friend's house.

So that made it a much smaller and

### AT SATURDAY WRECK SCENE ...

The body of Frank Surovik is covered by ambulance personnel and a Highway Patrolman after a traffic accident at 30th Street and Highway 90 on Saturday. Mrs. Surovik, still inside the wrecked automobile, receives aid.

## Wreck fatal to D'Hanis man

Weekend traffic mishaps claimed the lives of two Medina County residents in separate accidents.

A D'Hanis man, 80-year old Frank Surovik, was killed shortly before noon Saturday when his car was struck broadside by a second vehicle on Highway 90 at Farm Road 1250, near the Hondo Motel.

Surovik was pronounced dead at the scene. His wife, Annie, was rushed to Medina Memorial Hospital, and was reported in serious condition Monday morning.

Driver of the second car was identified as Green Fleming, 42, of San Antonio.

Fleming was not seriously hurt.

The second fatal accident occurred in Bexar County between Lytle and San Antonio and took the life of 5-year old Johnny Joe Casatus of Natalia.

He was pronounced dead on arrival at a San Antonio hospital where he was airlifted via MAST helicopter. Four other members of his family including his father and mother, were injured in the accident. They are reported in conditions ranging from poor to fair, at a San Antonio hospital.

Driver of the second auto

was identified as Troy Lynn, 23, of Lytle. He escaped injury.

A Sunday noon-time accident on Highway 90 just west of Hondo resulted in serious injuries for two girls.

They were identified as 11 year old Marlene West of San Antonio and 16 year old Betty Jo Schmidt of Fredericksburg.

Miss Schmidt was the more seriously injured victim, with head injuries. Both were taken by MAST helicopter to San Antonio. Early Saturday morning

## School budget shows increase

Without increasing the tax rate or percentage of valuation, the Hondo Independent School District Board of Trustees approved a 1972-73 budget that beats last year's by \$113,504.

Total budget figures as

released by Supt. Kenneth Flory show a figure of \$1,274,504 as compared to last year's total of \$1,161,000.

The greater portion of the increase in this year's budget is brought about by increases in salaries, such as janitors

from \$1.60 to \$2.00 per hour, clerical about 6 percent and teachers five percent (state scale).

"However," Flory said, "there are increased costs in other areas, also. Combined they all add up to the total increase."

Tax rate for the school district remained at a total of \$1.25 per \$100 assessed valuation. Of this 88 cents is for maintenance and 42 cents for debt service, interest and sinking fund. Total assessed valuation of the district was set at \$26,300,000.

Of the total budget local taxes account for only \$315,600, while the rest is state and federal funds. State funds total \$770,237 while all federal funding amounts to \$114,000.

Greatest outlay in the expense column comes under the heading of instruction which amounts to \$883,459 and salaries bite a \$857,429 chunk out of that.

Next highest expenditure occurs in the Operation of Plant where some \$73,690 is spent. Administration costs total \$46,500; Pupil Transportation, \$36,660; Maintenance of Plant, \$30,720; Attendance Service, \$9,420; Fixed Charges, \$6,020; and Student Body Activities, \$4,000.

Total capital outlay reaches \$44,390, while Debt Service totals, \$130,645.

### COMMUNITY SHOWER

The Hondo Home Demonstration Club will sponsor a Community Shower for the Donald Muennink family at St. John's Parish Hall on Wednesday, Sept. 6, from 5 to 6:30 p.m.

"We cordially invite all their friends to come and assist, in any way possible, this family who have lost their possessions in a recent fire," a spokesman said.

Refreshments will be served. Gifts may be left at the local stores.

## Hondoan drowns

A 38-year old Hondo man drowned in the waters of the Hondo Creek late Sunday afternoon as he and his wife were on a Sunday outing.

The body of Severo Mata of Hondo was recovered by Sheriff's officers about one hour after he disappeared in the Hondo Creek.

The incident occurred about one mile from the Highway 90 bridge.

Authorities said Mata was reportedly an excellent swimmer and they have not de-

termined what caused him to drown.

Mata's wife made efforts to pull him from the water, but failed.

### MEETING SCHEDULED

Interested persons are urged to attend the adoption and foster care informational meeting scheduled for 7:30 p.m. today (Thursday) in the Hondo City Municipal Building.

## RC&D committee submits review

Comprehensive data covering almost every aspect of activity in Medina County was presented in a preliminary field review Friday to the Medina County Recreation, Conservation and Development Committee. Purpose of the review is to serve as the basis on which various projects can be accomplished throughout

the county, hopefully through federal grants.

The data will be merged into a regional (10 counties) plan submitted by the Alamo Area Council of Governments for approval and subsequent funding by Congress.

"But these projects cannot be accomplished without the efforts and guidance of interested county residents,"

E. L. Abbott, district conservationist, told committee members at the meeting. The Soil Conservation Districts will be administrators of the grants and projects when they are funded by Congress.

Before approving the review members elected officers with Harlan Wolff of Hondo taking the reins of

chairman, J. P. McCarty of Devine, as vice-chairman and R. D. (Bud) Gwartney as secretary.

Wolff was also selected to serve as the county representative on the AACOG Steering Committee.

"We need to encourage other groups and organizations to endorse the RC&D project," Wolff told those

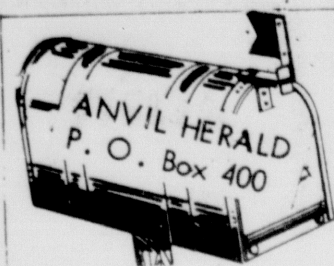

present. "This could be garden clubs, chambers of commerce, Lions clubs, Farm Bureau and others. These organizations need to be contacted and asked to inform us by letter of their endorsement and at the same time name a person to represent them on the committee."

Legal sponsors who have

signed resolutions endorsing the RC&D include: Medina County Commissioners Court, Bexar-Medina-Atascosa Water Improvement District #1, Edwards Underground Water District, City of Hondo, City of Castroville, City of LaCoste, City of Devine and the Medina Valley Soil and

## Letters from the mailbox

Dear Burnis:

Last week your "Letters to the Editor" column carried articles depicting highway engineers as cruel, thoughtless individuals, with no respect for his fellow man, or nature - the handiwork of God. Specific reference was made to R. M. Highway 337 in Uvalde and Bandera Counties as a "flight of fantasy" pushed upon the people against their wishes.

As a highway engineer with nearly twenty-five years with the Texas Highway Department and specifically as engineer for that portion of R. M. Highway 337 recently completed in Bandera County, I feel that a reply to these comments is in order.

All projects except interstate highways are joint ventures between local governments and the Texas Highway Department. This particular project had top priority for construction by both Real and Bandera County Commissioners' Courts for better than fifteen years, and delegations from these counties had been before the Texas Highway Commission requesting construction of this project. With its completion, scenic views comparable to Colorado are now accessible to the traveling public which before could only be seen from horseback with the owner's permission. Publication of this scenic route will increase travel over it and add to the economy of the area. Real estate prices along the route have increased over 300 percent.

During my tenure with the Department I cannot recall a time when due consideration to the effect of the location of a project was not studied for its effect on the natural environment. As an example, when State Highway 187 in Vanderpool was authorized to be extended north, a more costly route was recommended in order that the widely publicized "lost maples of Texas" might be preserved, and this recommendation was approved.

Speaking for highway en-

gineers in general, we are interested in safety as well as the other aspects. When reports of highway accidents are received, and particularly where fatalities occur, most engineers make a point to find out if design was a contributing factor, and where these occur with any regularity and indications are that design is at fault, there is a personal feeling of concern that as engineers we have failed to stand firm for those things which we have been taught. It would be well if those so quick to condemn highway engineers would study all accidents that come to their attention as we do by asking "How could this accident have been avoided; was the design of the highway a factor; were curves too sharp for safety, grades too steep for proper sight distance to safely stop before collision with another vehicle or object; road too narrow to stop in case of flat, car trouble, or just to enjoy the view?"

I do not infer that mistakes have not and will not be made, since engineers are human. As such we have feelings which include pride in keeping our country beautiful, and our families - yours and mine - safe when traveling our highways.

Yours very truly,  
C. E. Hackebell  
Supervising Resident Engineer

Dear Mr. Lawrence,

I sincerely hope, as does Bill Berger, that Edna McDade has not written her last for the Hondo Anvil Herald.

She was a special friend, to small children in particular. It was a delight watching them around her and reading her anecdotes about them in her column. We also enjoyed her stories of some of our senior citizens. We looked forward to her column each week and surely do miss it now. She truly loves people and everyone loves her.

Sincerely yours,  
Mrs. Oswald Nira

## Housing Authority selects architect for units

Selection of an architect to help plan the low rent

housing project in Hondo has been made by the Hondo

Housing Authority, according to C. E. Hackebell, chair-

man.

Chosen for the Authority architect was the firm of Pierce, Pace & Associates of Midland.

John F. Gildersleeve, planning consultant and community organization specialist, made his company's presentation to the Authority, and said Monday he will be in contact with Hackebell by Thursday of this week "to get the ball rolling on seeking housing for Hondo."

Pierce, Pace & Associates is presently supervising 79 low rent housing projects in Texas, New Mexico, Oklahoma and Kansas, including one in Devine and one in Pearsall. They have completed 19 such projects in addition to these that are in various stages of completion. Gildersleeve assured the Housing Authority that units in Hondo "will not be a rehash of designs used elsewhere but will be designed to fit the local environment, landscape and need."

Determination of the number of units that can be built in Hondo will be made by HUD after applications have been submitted. Units will be for both the elderly and those persons in need of low rent housing.

President Williams said the Reserves "certainly appreciate this contribution to our fund. We are happy to be in a position to help out at these events and it gives us a nice feeling to know our efforts are appreciated."

## Check says 'thanks'

A contribution in return for work performed gave Me-

dina County Sheriff Reserves a feeling of being appreciated

this week.

President Floyd Williams received a \$50 check and the following note:

"On behalf of the people of St. Louis Parish, Castroville, I want to sincerely thank the large number of men who were present last Sunday in Castroville for St. Louis Day."

"It was a very large crowd and the presence of so many uniformed men not only preserved order but was much appreciated by our chairmen and people of the parish."

"The enclosed check is for your fund. It is a small way of expressing our thanks and appreciation."

"Be great!  
Father Larry Stuebben  
St. Louis Church"

President Williams said the Reserves "certainly appreciate this contribution to our fund. We are happy to be in a position to help out at these events and it gives us a nice feeling to know our efforts are appreciated."

## Two fires snuffed

Hondo firemen responded early Monday morning and Hondo Police acted early Saturday morning to avert two serious fires.

Firemen were called to the downtown area early Monday morning to extinguish a blaze in a railroad car loaded with cotton. The car was passing through town on a Southern Pacific train and the fire was discovered, and was disengaged from the train.

Saturday morning, police-men acted quickly when they found a burning mattress next to the J. E. Shows home in the 600 block of 19th Street. Authorities said the mattress was within a few feet of the home and if it had

burst into flames, could have ignited the house.

Officers have not been able to determine how the mattress was placed next to the home, or how it ignited.

## Library News

During the past several weeks, Hondo Public Library has received much new reading material through the generosity of its members, and for which, thank you all.

Mrs. Louis Oefinger, Dunlay, has brought to the library a collection of children's books, magazines and additional books on the subjects of religion, fiction and history.

Other recent contributors were Mr. and Mrs. Norman Buescher, magazines; Mrs. O. M. Redus, magazines; Liz Maples, books and magazines; Mr. and Mrs. Albert Vance, books, paperbacks and magazines; Mrs. Mildred Teague, paperbacks; Linda Schmidt, 12 books, and Inez Short, magazines.

The latest Doubleday Book Club acquisition, purchased by the library, is "Honor Thy Father" by Gay Talese. This account of the inner workings of the Mafia was extensively researched by Mrs. Talese and tells the true story of a powerful underworld chieftain and those persons closest to him.

Placed on library shelves recently is a collection of John Steinbeck's books, including "Grapes of Wrath", "Cannery Row", "Travels

with Charley", "The Long Valley" and many others. There are also some of his earlier and lesser-known works, such as "Pastures of Heaven", "Cut of Gold" and "In Dubious Battle". Mrs. Virginia Clift brought us these and two of Marjorie Kinnan Rawlings' books, "The Yearling" and "Cross Creek".

Three more young members of the Summer Reading Program completed their assignments and were awarded their certificates. They are Catherine Cox, Ricky Taylor and David Taylor.

Don't forget, if you're looking for a special gift for a special person or occasion, take advantage of the library's Memorial Plan. You may give a book of your choice or the cash with which to purchase a book. A memorial bookplate showing your name and name of person so honored will be placed in the front of the book.

If you have overdue books in your possession, please return so that other readers may enjoy them too. For your convenience, the bookdrop is always available. Regular library hours are 11:30 a. m. to 5:30 p. m. Monday through Friday.

## Local engineer talks on asphalt paving in magazine

A highway paving development carried out by a Hondo engineer has gained international publicity through an article in "Asphalt" a publication of the Asphalt Institute.

The article quoted C. E. (Chuck) Hackebell, Supervising Resident Engineer for the Texas Highway Department, on asphalt construction along IH-35 near Pearsall. It described Full-depth asphalt pavement construction, believed to be the first Full-Depth asphalt section in Texas.

Published in July the article said in part . . . "R. O. Lytton, District Engineer, and Charles

## 4-H members to participate in Festival

Hondo will be represented at the first State Texas Folklife Festival to be held September 7-10 at the U.T. Institute of Texas Cultures in San Antonio by the three 4-H Clubs.

The four-day festival will be a state-wide celebration to depict and visualize the ways Texans of all races and national origins have had fun. North Hondo and South Hondo Unit I and Unit II 4-H members will sponsor the Corn Shucking and Shelling Contest during the four-day fair.

4-H members and parents who would like to help stage the contest are asked to contact their organizational leaders.

friendlier world.

#### LOYALTY

. . . is not extinct, but I would say it is on a fast downhill slide in that direction.

Loyalty to what? to whom? To everything and everybody, would be my description.

Loyalty to an employer, the man who puts the butter on the bread, has suffered the most. Many employees, instead of being grateful they have a job and trying to find the advantages of the situation, constantly harp against the "boss". Asking for changes is fine, but airing complaints to the world in general is not.

Loyalty to friends is another area that needs close attention. Unfortunately, too many people are fair weather friends and can't wait until a person turns his back so they can begin tearing him down.

Loyalty to our country is an important one. Now, I don't mean that we have to agree with everything that is done, but it certainly behooves us to be loyal to the ideals established and fought for by our ancestors. Thank God the Jane Fondas, Ramsey Clarks and those who have tucked tail and run to Canada, Sweden and other sanctuaries because they did not want to fight are in a minority. This kind of loyalty we don't need and should never stand still for--let them stay where they are and send Fonda and Clark back to Hanoi for permanent residence.

One should be loyal to himself. Establish a set of values and hold steadfastly to them despite the hue and cry of the crowd to change.

Principles are tragic losers in this battle of loyalty. The stick-to-ism to their principles was a trademark of the pioneers who settled our country. Today many persons will ask, "Why should I have principles and stick to them when no one else does?" A good question except for one thing: it's themselves they have to live with 24 hours a day.

Let's be loyal to our town. Let's build it up instead of tearing it down.

In essence, let's wear our loyalty on the outside without shame or guilt. Let's wear it with pride.

#### YOUNG HONDO GIRLS

. . . distributing material on Prisoners of War and Missing in Action recently were shocked and dismayed that so many adults brushed them aside with a curt "no" or "not interested" and their general attitude of "caring less". Some would not even accept the material offered.

This would naturally dampen the enthusiasm of young girls who have wrapped themselves in the idealism and human compassion surrounding the return of our Prisoners of War and Missing in Action.

I personally am as concerned as anyone that our men be allowed to come home, but I feel that many of our efforts have only given North Vietnam greater incentive to use them as pawns to gain their objectives in Indochina. This is tragic indeed.

But I sincerely hope the young Hondo girls who showed their concern and took their time to distribute information (they really believed this more important than

selling stickers or bracelets) will continue to become involved--despite the actions of a few soreheads who are more concerned with self than anything else.

ANGELA DAVIS

. . . was a topic in my column not too long ago and did I ever get raked over the coals for my opinion.

Well, I ran across a story in Tuesday's San Antonio Light which I just have to repeat. From the Associated Press it read:

"Angela Davis flew into Moscow on Monday and said it felt 'wonderful to be on the soil of the Soviet Union.'

"Miss Davis, who was acquitted of murder, kidnapping and conspiracy charges June 4, said she owed her freedom to an international campaign on her behalf led by Russia.

"Without it," she said, "I would not be free."

"Miss Davis, a Communist, was the guest of the Soviet Women's Committee."

Such a story only solidifies my belief that the wheels of justice ground exceedingly wrong in Los Angeles. Nuff said!

will take the 14 hours of flying time the first year, it is estimated.

Implementation of the new program is expected in June 1973 and the Air Force anticipates soliciting proposals during November or December of 1972, which will allow ample time for selection of a contractor prior to June 1973.

Air Training Command officials from Randolph AFB met Monday with Hondo City Council and Art Stewart of Gary Aircraft Corporation to iron out details required by implementation of this program.

Conducting the meeting were Joe D. Kidwell, Deputy Director of Procurement, Hq. ATC; Thad L. Brannon Jr., Logistic Plans; Jack Spratt Robson, Chief Requirements Division, Civil Engineering; Col. Billy J. Moore, Director, Plans and Programs; and Maj. Leon R. Redenbach, Project Officer, Programs.

Attending from the City were Mayor George Brucks, City Manager Fritz Leinweber, City Attorney Hugh Meyer and Councilmen Hilmer Mueller, Bud Gwartney and G. P. Chapman.

Basic requirements for the support of this program were outlined in a letter to the City from Brig. Gen. M. E. Nelson, Deputy Chief of Staff/Plans and were re-emphasized at the Monday meeting.

Buildings Needed

These include: Predominant use of existing runways and taxiways; ramp space for parking approximately 70 T-41 (Cessna 172) aircraft; Operation-Training facility (air conditioned), approximately 12,500 square feet; Aircraft maintenance facility including repair docks and

supply-spares parts storage area, approximately 12,000 square feet; maintenance of airfield, ramp, and runways within acceptable Air Force standards; two covered aircraft wash racks, approximately 3,200 square feet.

The letter continued: "The required facilities must be available for occupancy not later than 15 May 1973 and it is desirable to have them available earlier if economically feasible. These facilities are to be government furnished to the flying program contractor.

"It is planned that the T-41 flying program be civilian contractor operated with Air Force supervision. The civilian contractor will be responsible for the utilities (electricity, water, sewage) utilized during the training operation as a customer of the City of Hondo.

Indications were at the Monday meeting that Gary Aircraft will contract to erect the necessary structures for the program.

One point brought out at the Monday meeting which will be of interest to Hondo residents was that the present GCA (Ground Control Approach) site presently operated by Randolph at Hondo will not have to cease operations when the new program begins.

Implementation of the flight screening program will probably mark the end of a long period of use of Hondo Municipal Airport by the 433rd Tactical Airlift Wing (Alamo Reserve Wing) as a drop zone for personnel and cargo.

NAVY FIREMAN MICHAEL E. BIRD, son of Mr. and Mrs. Edward T. Palla of Star Route, Castroville, graduated from recruit training at the Naval Training Center in Orlando, Florida.

#### Reunion held

A brother and sister reunion was hosted by Mr. and Mrs. Bernard Hutzler on August 26th at Our Lady of Grace Pavilion in LaCoste.

The afternoon was filled away in conversation and reminiscing, and refreshments and cake were enjoyed.

sight-seeing contests.

The marching contest this year will be held on Barry Field November 18. Twenty-five bands will attend the event.

The second step to a Sweepstakes, concert contest involves each band presenting to a panel of three judges, music which has been rehearsed carefully and repeatedly.

The final step to a Sweepstakes is the sight-reading contest, which will be held alongside the concert contest this year at Fredericksburg, March 30 and 31. In sight reading, a band must perform music with director and band members have not seen before.

The Owl Band of 1972-73 is under the field direction of drum major Adrian Sorrell, accompanied by majorettes Robin Saathoff, Donna Zerr, Marcy Mueller and Terry Nira.

Band officers for the school year are President, Adrian Sorrell; Vice President, Rebecca Jordan; Secretary-Treasurer, Amy Johnson; Reporter, Jo Beth Taylor; Senior representative, John Rodriguez; Junior representative, Donna Wiemers; Sophomore representative, Sandy Rogers; and Freshman representative, Diane Mumme.

The Band looks forward to adding a special touch to each football game. By presenting such halftime shows as "Texas our Texas" or "Salute to Quilts", they hope to win once again the support of Hondoans, who will be glad to say "That's our big blue band from Owlband".

## Anne Marie Seifert is bride of John Courtenay Koontz

On Saturday, August 12, 1972, St. John's Catholic Church was the setting of the afternoon wedding of Miss Anne Marie Seifert and Mr. John Courtenay Koontz with Rev. Robert Silverman of St. Pius Catholic Church officiating.

Parents of the couple are Mr. and Mrs. John Seifert of Hondo and Mr. and Mrs. Jasper Koontz of Fort Sumner, New Mexico.

Baskets filled with white gladiolas, red carnations, yellow mums, white daisies, clouds of baby's breath and ivy highlighted the altar decorations. Two flanking candelabras holding tall white tapered entwined with ivy stood behind the baskets. Individual hurricane lamps with candles and entwined with ivy lined the church aisle; white bows marked the pews. Traditional wedding music was played by Augie Rothe.

The bride given in marriage by her father, wore a full-length formal gown of white chiffon and re-embroidered bridal illusion which was applied in the front and in scallops around the bottom of the gown over bridal satin. Tiny buttons accented the back of her dress, which was full and fell into a chapel-length train. Re-embroidered bridal illusion covered the bodice which

ended in scallops and was beaded with seed pearls. The high neckline was divided in front and also accented with seed pearls. Her fingertip veil of bridal illusion fell from a Juliet cap also beaded with seed pearls. She carried a bouquet of white roses accented with tiny red roses, baby's breath and ivy streamers.

Attending her sister as maid of honor was Becky Seifert of Hondo. Bridesmaids were Judy Zerr, Gail Wilson and Peggy Wilson of Hondo, and Susan Seifert, the bride's sister of Dallas. They wore identical full-length gowns of navy and white floral crepe in an old fashioned design with white eyelet lace on ruffles at the rounded yoke line, the bottom of their full skirts and elbow-length sleeves. Long sashes accented the waistlines. They wore large white picture hats with red ribbons and carried white baskets filled with yellow and white daisies, red carnations, ivy and baby's breath.

Jim Koontz of Fort Sumner, New Mexico served his brother as best man. Groomsman were Glenn Garrison and Pat Seifert, a brother of the bride of Hondo; David Krogdahl of Albuquerque, New Mexico; and Bruce Bixby of Fort Sumner.

Ushers were Rick Perry of Hashell, Bob Sheperd of Hillsboro, Glen Hanoker and Gary Puckett of Fort Stockton and John Michael Seifert, brother of the bride of Stephenville.

Following the ceremony a garden reception was given by Mr. and Mrs. John Seifert at their home. The bride's table, laid with a white lace cloth over a chiffon skirt, held a candelabra of white gladiolas, red carnations, yellow mums, fern and white tapered. A four-tiered wedding cake trimmed with yellow mums, red carnations, white roses and topped with an arrangement of the same flowers; pink party punch in silver also graced the table. Red and white rose-shaped mints and assorted nuts were also served.

The groom's table held an arrangement of flowers around a tall red candle, and a cake which was decorated with "Texas A&M" in frosting. Champagne was served to the guests from another table.

Members of the houseparty were Misses Marcy Garrison, Shauna White and Cora Gilliam of Hondo, Phyllis Fletcher of Eagle Pass, Ellen Rothe of D'Hanis, Diane Langhomer of Elgin, Tommy Joe Gabbert of Balinger and Diane Garret of Linden. After a wedding trip to the Coast the happy couple will be at home in College Station where both will attend Texas A&M University.

Mr. and Mrs. Jasper Koontz were hosts for a rehearsal dinner honoring the bride and guests at the Hermann Sons Steak House. At this time the bride and groom presented gifts to their attendants.

Mr. and Mrs. Donald Muennink and daughter, Lesley, recently attended the Texas State Florists Convention. They saw a preview of new merchandise and supplies as well as an exciting school of new designs for the coming seasons.

Lesley was one of four young ladies chosen to serve as a page for the convention. She worked with prominent florists from all over the United States who were on the design panel.

## First Boehle reunion

The family of Friedrich L. and Antia Aden Boehle met at the Quiln Gun Club Sunday, August 27, for their reunion.

A picnic lunch was served at noon to approximately 70 guests.

The guests included the descendants of Louisa Kurka, Minna Graff, Johanna Saathoff, Emil, Willie, George and Henry Boehle (all deceased).

Guests came from Dunlay, Hondo, San Antonio, New Braunfels, Helotes, Seguin, Pipe Creek, Rio Medina, Bandera and Victoria.

This was the first reunion of the Boehle family and all hope they can meet again next year.

visiting the fabulous city of Munich beginning September 28.

Lynn, owner of the Pearl Distributing Co. of Castroville, and his wife Helen will enjoy the all expense paid seven day trip through the courtesy of Pearl Brewing Co. of San Antonio.

Competing in a state wide distributor sales contest, Lynn was one of 15 named out of 103 contestants.

The Boehmes and their group from New York will fly via 747 to Munich where their visit will coincide with the centuries old German celebration of Oktoberfest, an annual fall festival.

## Pedrozas return from eastern vacation

Mr. and Mrs. G. E. (Pete) Pedroza and Reggie flew to New York August 5 to visit their son and brother, Greg, and his family, who live in Appalachian.

They drove through Pennsylvania to Virginia and Maryland and spent two days in Washington, D.C.

While in Washington, the Pedrozas were able to visit the White House, the Museum of Natural History, the Bureau of Engraving and Printing and the Art Gallery.

They were also visitors at the Washington Cathedral, the National Shrine of the Immaculate Conception, the house where Kennedy lived before his election as President, his grave at Arlington

Cemetery, and the Custis-Lee Mansion.

While visiting in Maryland, the Pedrozas visited Mr. and Mrs. Ernesto Balanzuela, both from Hondo, now living there; and in Virginia, they visited Mr. and Mrs. Crescencio Arcos, Jr., who work in the District of Columbia.

After returning to New York they drove to Canada, visited the Niagara Falls and their beautiful gardens.

After ten days in New York, they flew to New Orleans to visit their daughter and son-in-law, Major Nicholas Barron, Linda and Nick.

In Baton Rouge, they visited several places, including an old railroad depot which, donated to the City of Baton Rouge by the railroad is now a museum.

At the museum, there is a dining car complete with kitchen and tables, parked next to the building.

The Pedrozas also visited New Orleans and Gulfport, and Biloxi, Mississippi where they spent a day on the beach of the Gulf of Mexico.

The family returned from their journey to good old Hondo on the 18th of August.

# Siffert-McMillan vows exchanged in Eunice, La.

Miss Mary Jacqueline Siffert and David Melton McMillan were united in the sacrament of Holy matrimony Saturday, August 19, 1972 at 1:00 p. m. at St. Anthony Patua Catholic Church in Eunice, Louisiana. The Rev. Donald J. Hebert, pastor celebrant of the nuptial Mass, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Herschell J. Siffert of Eunice and parents of the groom are Mr. and Mrs. Melton McMillan of Natalia.

The altar was decorated with baskets of white gladiolas and white chrysanthemums.

The bride, given in marriage by her father, wore a white bonded moss crepe wedding gown designed with a scooped neckline with princess seaming short bell sleeves and long curved waist line that featured a slightly gathered skirt. Her veil of illusion was attached to a lace cap over bonded crepe. She carried a nosegay bouquet

of white baby mums, stephanotis and greenery intermingled with pink, blue and aqua ribbon and streamers.

She carried out the tradition of wearing something old, new and blue.

Miss Elizabeth Pritchett of Corpus Christi was maid of honor. She wore an aqua-colored dress made identical to the bride's dress.

Bridesmaids were Linda Siffert and Dolores Siffert, sisters of the bride. Linda wore a rose pink bonded crepe dress and Dolores wore a sky blue bonded crepe dress. Each were designed with empire waists and short bell sleeves. The attendants each wore a bow headpiece to match the color of their dress with white baby mums. They each carried a white long-stemmed chrysanthemum.

Lewis McMillan was his brother's best man. Bruce McMillan and Gregory McMillan, brothers of the groom, were groomsmen. James Siffert and John Siffert, twin brothers of the bride,

served as ushers and lectors. Robert Siffert, brother of the bride, and Margaret Louise Siffert, sister of the bride, carried the offertory gifts in procession.

A reception was held immediately following the ceremony in the VFW Hall. The bride's cake, a round three-tiered white confection was decorated with blue flowers, silver leaves and white pearl swans served with lime sherbet and fruit punch, ham and chicken sandwiches, also a variety of cakes, coffee and the toasting wine. The groom's cake was a strawberry bundt. Servers were Mmes. Hubert McGee, Alice Guillanmin, Joyce Huckaby and Eyvonne Dupre.

The young couple will make their home in San Antonio where both are students at Our Lady of the Lake College. The groom is employed at the Protestant Children's Home in San Antonio.

Out-of-town guests were from Dille Platte St. Landry, Lake Charles, Bayou Chicot, Louisiana; Fort Worth, Dallas, San Antonio and Natalia. REHEARSAL DINNER

The bride's parents, Mr. and Mrs. Siffert of Eunice, La., were hosts for a rehearsal dinner at their home Friday evening for members of the wedding party, the groom's parents, Mr. and Mrs. McMillan, and his grandmother, Mrs. John L. Kempf of Natalia.

## Mariette wins

Winners in the senior division of District 13, 4-H Dress Revue were left to right: Mariette Aalvoet, Medina County; Priscilla Howard, Dimmit County; Karen Persyn, Bexar County; and Charla Smith, Kerr County.

Mariette, daughter of Mr. and Mrs. Rene Aalvoet of Hondo, was named alternate and will go to the State 4-H Dress Revue if one of the other three winners cannot go.

## Fruit juice powder may be on market

By Gaye Bippert

Medina County HD Agent

High-protein fruit juice powder soon may be a new item on the grocery list.

This word comes from Mrs. Gaye Bippert, Medina County Extension Agent. "Experiments have shown that squeezing juice from

'cull' fruits and fortifying it with soya, fish or peanut protein (10-15 percent) can produce a delicious drink—one that should be acceptable because of its high quality," she explained.

Juice powder has many advantages, among them the fact that it saves weight and space because nearly 80 percent of the water is removed. It's economically good because it's easy to transport, store and pack—even to distant markets, Mrs. Bippert added.

"The powder can be preserved for extended periods of time without refrigeration, and this makes it convenient for hikers, campers, explorers and the military," she said.

High protein juices are flavorful, and the fish protein concentrate is an odorless powder with 80 percent protein. Milk protein powder contains 29 percent protein, the agent noted.

"Powdered fruit juices as such, aren't new to the market place," Mrs. Bippert recalled.

"During and after World War II, powdered fruit juices first were developed by the U.S. Department of Agriculture's Western Utilization Research Laboratory. At that

time, however, some of the products lacked in flavor.

"Since that time researchers further developed and fortified fruits and vegetables with flavor, protein and vitamins. Also—in the past decade—the fruit juice industry has had increased demand in the quality of dehydrated products," she concluded.

Stanley Craig has operated his furniture repair and refinishing shop in Castroville exactly one year as of the first of September.

During that year in Castroville, he has brought new life to old and used furniture by applying a triple layer finish made by the famous Bix Company.

Although he and his wife Velma make their home in Sabinal, Stanley drives daily

to Castroville to open his shop. He was previously located in Lytle.

All refinishing work is done by hand with the exception of some sanding, which he does expertly using an electric sander.

For do-it-yourselfers, Craig's supply includes Bix stains, finishes, and strippers. He holds a franchise for Bix products which stretches over five counties.

Medina County is participating in a program aimed at providing employment for migrant workers which will enable them to leave the migrant stream.

The program is funded through the Department of Labor and the Economic Opportunities Development

Corporation of Bexar County, which co-ordinates the \$494,000 DOL grant usage among five counties in the Alamo Area Council of Governments.

Medina County's share of the grant is approximately \$20,000. It will be used in conjunction with donated

services from the Texas Education Agency for a value of up to \$50,000.

The main thrust of the program at present is to identify and locate migrant families within Medina County. The second phase of the program will be to train migrant family heads in jobs which

will enable them and their families to leave the migrant stream.

A worker is classified as migrant if he leaves the state to work, and has been working outside of Texas in the past year.

Persons who fit this criterion are urged to contact County Judge Jerome Decker, Father George Steubben, John Nester or Father Victor in D'Hanis, Syd Malone in Devine, or Sammy Tschirhart in Castroville.

The migrant training program includes not only job training at a salary which will enable the family to survive during the training period, but also a complete range of social services, including psychiatric and medical care for migrant dependants during the training.

During the first year of the operation of the program, which is scheduled to commence in October, about 8 to 10 migrants from Medina County will be trained in the program.

AACOG officials estimate there are over 350 migrants living in Medina County.

It's not as easy as it looks

... But the Owls make it look easy as they hit the dirt for some sit-ups, part of their conditioning program which coaches hope will pay off around the 4th quarter.

## Owls to try Boerne Friday nite

Going north in search of drier weather, the Hondo Owls will be entertained by Boerne in a scrimmage in Boerne, beginning at 7 p.m. Friday evening, September 1.

The Boerne team will give the Owls some much needed experience in facing a foe under actual game conditions, something many Owls have never done before in a varsity role.

The Boerne boys will be running mostly from a Tandem-I offense, presenting a 5-man front when on defense.

Head Coach James Bohls offered this "very tentative" run-down on his starting squad at the scrimmage:

Quarterback: We will begin with Prescott (a senior); but we will be looking at all three candidates with the

first team." Finger and McCartney are also QB hopefuls, although McCartney is a sophomore and Finger a junior.

Fullback: Mark Buescher, Tailback: Kebo Ligon, Wingback: McAnelly, and possibly Bobby Cox, then also Kenny Weynand and David Geuea. Tight end: Terry Mechler. Right Tackle: Clyde Oefinger. Right Guard: Mike Saathoff. Center: Fred Bader. Left Guard: Gary Zinsmeyer. Left Tackle: Gary Walch. Split end: Doug Helvey.

Defensively, several boys will go both ways, and the lineup is as unsettled as the offensive one.

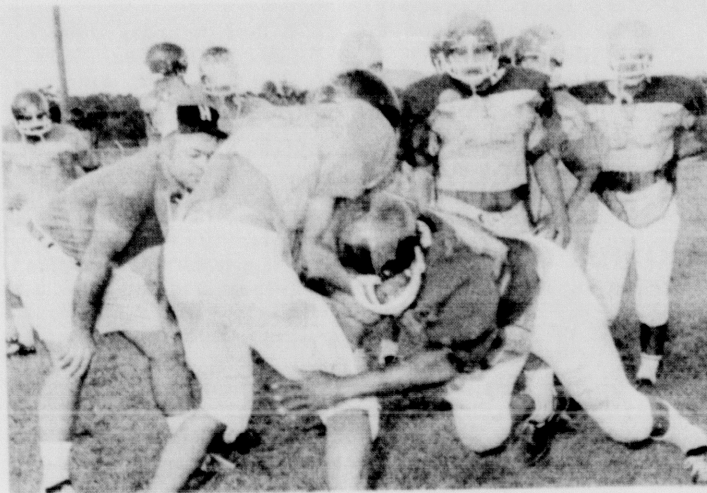

At Defensive end, Ligon and Bader. Defensive tackles: Mike Saathoff and Gary Zinsmeyer. Noseman: Greg Buescher. Linebackers:

Mark Buescher and Juan Campos. Monster: Barry Braden. Halfbacks: Mechler and Rios. Safety: Finger.

Asked about the information gained from the abortive scrimmage against Southside last Friday night, Bohls commended the defensive unit, which saw about 15 plays before the torrent hit. "We have an inexperienced defensive secondary," he admitted, "but they're improving pretty well."

The offense never took the field last Friday, so not much could be learned there, except how well those helmets keep out hailstones.

Several intra-squad scrimmages have been conducted in practice sessions this week, but the first real test of the Blue awaits Friday at Boerne.

... Keith Ligon takes a pot-shot at a "volunteer" during a practice session. Kebo will play an important part in Owl offensive (and defensive) plans this fall.

## Hondoans return from Miami

Hondo's delegation to the Republican National Convention in Miami have returned to say it was a "most rewarding and educational experience."

Mrs. Bruce T. Foster of Hondo was an alternate delegate from the 23rd Congressional District. Accompanying her to Miami were her husband and Rebecca Jordan, daughter of Mr. and Mrs. Jim Jordan.

All were present at a caucus where they heard Tricia Nixon Cox; Senator John Tower; Secretary of Agriculture Earl Butz; Dr. Herbert Stein, chairman of the Council of Economic Advisors;

## Hear a band preview

Wanta preview the 1972-73 Owl Band!

Then come on along to McDowell School court yard at 7:45 p.m. Tuesday and preview what is in store for the upcoming football season.

Director Billy Harrell and the Owl Band will present a free admission informal concert, with twirlers and cheerleaders being introduced.

No chairs will be set up so bring along your own chairs, blankets, pillows or just easy standing shoes--anything to make you relax and get in the football spirit.

Mrs. Romana Banuelos, Treasurer of the United States; and Peter Flanagan, assistant to the President for foreign affairs.

Rebecca and Mrs. Foster attended a brunch for Mrs. Richard Nixon given by Mrs. Ann Armstrong, the co-chairman of the National GOP Committee. Later they attended a luncheon with Mrs. John Tower, Mrs. Spiro Agnew and other ladies from Texas.

Bruce and Rebecca alternated as guests at the sessions of the convention which passed a Platform they say calls for "a better future for all."

## Tom Finger dies at 57

Tom Finger, former professional baseball player from D'Hanis, died Tuesday morning after an extended illness. He was 57 years old.

Tom served as D'Hanis postmaster for 11 years, but he is also well remembered as a pitcher who saw service in the Texas League, playing for the San Antonio Missions baseball team, as well as the Dallas team, between 1946-50. In addition, Tom played for the Randolph AFB team coached by Bibb Falk, later a baseball coach at the University of Texas.

After taking a position in the D'Hanis Post Office, Tom continued to pitch in the Highway 90 League, which included teams from Uvalde to Macdonia.

# Golfers set annual Labor Day tourney

The Hondo Golf Association will once again stage its Annual Amateur Match Play Golf Tournament, beginning on Friday, September 1, and ending Labor Day evening.

Hondo Golf Pro Virgil Krenmueller, who will manage the tourney, reports that invitations were sent out,

and that the limit of 128 players has been reached. Deadline for entry was August 20.

Among golfers competing this year will be last year's winner, Doug Smith, who took Championship Flight honors in 1971. Other contestants have entered from

as far away as Lubbock, Houston and Abilene, along with local and area golfers.

In all, eight flights will compete in the tournament, including Championship and seven other flights. Contestants will be placed in flights according to the judgment of the management of the tourney.

Golfers shooting for Medalist must qualify at Hondo on Friday, September 1, between 8 a.m. and 2 p.m.

Actual tournament play will get under way Saturday morning at 8:30, as the Championship, 1st, 2nd, and 3rd flights tee off in a shotgun start.

Fourth through seventh flights will begin at 1:30.

Following play on Saturday, a dance will be held at the Other Place, beginning at 8 p.m.

Sunday, the second rounds will begin in inverted order, with the lower four flights teeing off at 8:30, and the top four at 1:30. Sunday night at the City Park, a barbecue will be held for the golfers.

The final, climactic round will begin at 8:30 a.m. on Monday, with all flights and consolation teeing off at 8:30 a.m.

At 2 p.m., finals will start for all flights and consolation.

With tournament play drawing to a close around 6:30 p.m. Monday, prizes will be awarded to the winner of each flight, consolation, and Medalist.

This year, in addition to regular tournament prizes of Golf bags, balls, irons, woods, and trophies for flight and medalist winners, several additional special prizes are offered.

Lee (Blackie) Williams of Snap-On Tool Co. will offer \$100 in pro shop merchandise for a hole-in-one on Hole 5 any day of the tournament.

In addition, First Flight Golf Equipment Co., which produces the clubs to be awarded as prizes, offers \$500 for an ace on Hole 9 on one day of the tourney. The \$500 will be split into \$200 in merchandise and \$300 to the winner's favorite charity.

These extra incentives should encourage the duffers to apply extra effort and concentration in addition to their regular quota.

## Rangers meet A's, Twins

The Oakland Athletics, currently in a hotly-contested race for their American League West division lead, invade Arlington Stadium on Friday, September 8, for a 3-game series against the Texas Rangers.

The A's will be preceded by the Minnesota Twins, who will also be in town, beginning on the 6th for a two-game set ending on the 7th.

Game time for all games except Sunday's will be 7:30 p.m. Sunday games begin at 1:30 p.m.

## Golf, track okayed

Two new sports programs, golf and track, have been scheduled into the action agenda at Hondo High School for the coming school year.

Presently, high school students are being contacted for possible participation on a competitive golf team. Terry Tilley has been named

to coach the golf team, according to Supt. Kenneth Flory.

Flory also said the school plans some type of track program next spring. "Whether the school competes on a University Interscholastic League level will depend on student interest," he said.

# Large entry predicted in Horse Show

A prediction of entries reaching 1,000 horses has been given for the first Grand Champion Horse Show (Open) slated for the Hondo Rodeo Arena on September 16.

Jim Benson, publisher of the Rodeo & Auction News and promoter for the show, says: "This Show in Hondo will be the biggest there is in South Texas and I predict it will attract at least 1,000 horses. In fact, I believe it will take two days to complete."

Action in the show, scheduled to get underway at 6 p.m. on September 16, will include both showing and riding competition.

Show classes will include: Halter Mares, under two; Halter Mares, two through five; Halter Mares, aged; Halter Geldings, under two; Halter Geldings, two through five; Halter Geldings, aged; Halter Stallions, under two; Halter Stallions, two through five; Halter Stallions, aged; Grand Champion Mares; Grand Champion Geldings; Grand Champion Stallions;

Trail Class, open; Western Pleasure, open; Western Pleasure 16 years and under; Reining, open; Off and Through Barrel, 16 years and under.

Riding action to thrill the crowd will include: Flag Exchange, open; Flag Exchange, 16 years and under; Rescue, open; Ribbon Roping, open; Egg in Spoon, open; Egg in Spoon, 16 years and under; Pole Bending, open; Pole Bending, 16 years and under; Breakaway Roping, open; Straight Away Barrels, open; Straight Away Barrels, 16 years and under; Cloverleaf Barrels, open; Cloverleaf Barrels, 16 years and under; Tie Down Roping, open.

Entry fee of \$2.00 in all events except Roping, Ribbon Roping, Tie Down Roping. These are \$5.00 and Breakaway Roping is \$4.00.

Two trophy saddles will be awarded, tack valued at \$18.75 per event; and there will be buckstitched leather halter and leads for Grand Champion Halter classes. Runners up in each event will be awarded a hat.

## Lt. Burell completes training

Army Second Lieutenant Glenn R. Burell, 21, son of Mr. and Mrs. Dan R. Burell, Castroville, recently completed a nine-week infantry officer basic course at the U.S. Army Infantry School, Ft. Benning, Ga.

He received instruction in leadership, personnel, intelligence, map and air photo reading, operations, logistics, tactical communications and equipment, and weapons. This training is designed to prepare students for the duties and responsibilities of a company

grade officer.

Lt. Burell entered the Army in May, 1972.

He is a 1968 graduate of St. Louis High School in Castroville and received a B. B. A. Degree in 1972 at St. Mary's University, San Antonio.

His wife, Debra, was with him at the Fort during this training.

A tractor maintenance short course for adult farmers will be held the second week of September under the sponsorship of the Hondo High School Vocational Agriculture Department, according to Superintendent Kenneth Flory and J. D. Schmidt and John McAnelly, Vo-Ag teachers.

Tractor maintenance is of great economic importance to the local farmer and rancher. The original cost of farm tractors today is so high that the owner must see that only the best of care is given his equipment to protect this great investment. There are a number of items that should be checked or serviced at given intervals if long-line economical use is to be gained from the tractor.

The key to longer tractor life comes from the full knowledge of the fundamentals of an engine and the application of proper maintenance.

GET RID OF THAT STUFF you aren't using. Sell it in a Hondo Anvil Herald classified ad. Dial 426-3346, you can charge it.

ance skills, according to Schmidt and McAnelly. The short course will cover all phases of adjustment and

maintenance involved in lubrication, fuels, carburation, air cleaners, cooling systems, valves and ignition.

### Discusses problems

Rep. John Traeger of Seguin (left) talks with pollster George Gallup, Jr., during a break in the activities at the National Legislative Conference, held last week in New Orleans. Traeger is the senator-elect from District 21. At the conference, delegates discussed such issues as school finance reform, revenue sharing, environment, welfare reform, health care services and law enforcement.

**HV NEEDLE CLUB**  
The Happy Valley Needle Club met Wednesday afternoon in the banquet room of the Devine Bakery and Restaurant with Mrs. A. W. Bongers presiding in the absence of the president, Mrs. Frank Neuman.

Mrs. Iven W. Thompson called the roll and read the minutes from the previous meeting. The group enjoyed visiting and refreshments of each one's choosing was served.

The next meeting will be on Wednesday afternoon, September 6, 2 to 4 in the banquet room.

**PERSONALS**  
Mr. and Mrs. Chester Clemmons and Karen, San Antonio, were guests Friday evening of her father, the Reverend F. E. Turner.

Mr. and Mrs. B. M. Estes returned home Wednesday after visiting a week dividing time with their daughter and family, Rev. and Mrs. Marshall Howard and children in Blair, Oklahoma, and Dr. and Mrs. C. B. Sullivan in Carnegie, Oklahoma. Also her sister and brother-in-law, the Frank Hurts in Lawton, Okla. En route home they spent Monday night with their son and family, the Ben M. Estes in Richardson and their daughter and family, the Alton Mitchells in Dallas Tuesday night. Their grandson, Guy D. Mitchell, accompanied them home for a visit and the Mitchells came Saturday for the weekend. Guy D. returned home with them. The David Estes, San Antonio, joined the group on Sunday.

Mr. and Mrs. Melton McMillan, Lewis, Bruce, Gregory and Mrs. John L. Kempf made a trip to Eunice, Louisiana Friday morning to attend the 1 p. m. wedding Saturday of the McMillan's son, David Melton McMillan and Miss Mary Jacqueline Siffert, at the St. Anthony Catholic Church and the reception that was held at the VFW Hall.

Mr. and Mrs. Cyrus T. Teagan and son, Billy, motored to Port Arthur Saturday morning and visited until Thursday with their son and family, Dr. and Mrs. Tom Reagan, Tammy and Tommy and their daughter, Miss Mary Jane Reagan, student at Lamar University in Beaumont and they joined in celebrating Mary Jane's birthday Sunday.

Mr. and Mrs. S. A. Mays and their son, Sidney A.

Mays, motored to Greenville Saturday and visited until Wednesday with Mr. Mays' father, Mr. Tom C. Mays, and his sisters, Mrs. Melvin Douglas and Mrs. Averal Nicklon and Mrs. Mays' six sisters and her two brothers.

The Leroy Estes, Burlington, arrived Saturday and visited until Sunday noon with his parents, the Lee Estes, and his brother and sister-in-law, the Glenn Dale Estes in Devine.

Mr. and Mrs. W. E. Saunders accompanied their grandson, William Kirby, to New Braunfels Monday afternoon to meet his mother, Mrs. Veda Kirby, who accompanied him home after he had visited 11 days with his grandparents.

Mr. and Mrs. Rudy Lorraine, their sons and daughter-in-law, Brett and Bill and Joan, San Marcos, enjoyed a recent tour of Big Bend National Park and they, with Miss Barbara Lorraine, student at SWTSU, and Mrs. Lorraine's mother, Mrs. Adeline Nelson, attended the reunion Sunday, August 13, of the descendants of Mrs. Nelson's grandparents, the late Frank and Rosalind (Meyer) Kiesel, in Schulenburg. Miss Lorraine, accompanied by Father Gillow of San Marcos, came Sunday for a visit with the Lorraines and Mrs. Nelson before going to Castroville to attend St. Louis Day Celebration. Miss Lorraine remained with her parents for the week.

Sergeant and Mrs. Lenard Swan, Marshall, arrived Monday and visited until Wednesday with her mother, Mrs. R. W. Crawford.

Mrs. Lenard Dossey, Lenard Roy, Daniel, Jimmy and Brenda spent Saturday night in San Antonio with her sister and brother-in-law, the Jerome Crosses, Linda, Lisa and Sylvia, and the group enjoyed the day Sunday at the home of Mrs. Dossey and Mrs. Crosses' parents, the Ralph Thompsons. They were joined by Mrs. May Scheib, George Whitten and Mrs. Dolores Roberts and they joined in celebrating Mr. Thompson's birthday.

Mrs. Dewayne Redus was admitted to the Castroville Hospital Saturday for treatment and she was released Monday evening to convalesce at her home.

## Color my face red

Could be the person who lettered this sign just had troubles with his A's. Then again it might have been a spelling difficulty. No matter which, the sign at the roadside park overlooking Castroville presents two

glaring errors in spelling, or misplacement of letters. Can you pick them out? They have something to do with the most important cog in the Medina Valley machinery--the people. (Photo by Burnis Lawrence)

## Record books to be judged

By Gaye Bippert

Forty-nine Medina County 4-H members submitted record books in 29 Awards Programs in the recent Medina County 4-H Record Book Judging Contest. Fifteen Junior (9-13 years of age) records and 11 Senior (14-19 years of age) records competed in the District 13 record book contest.

The senior record books winning the District 13 contest will be sent to Texas A&M University to compete at the state level against the best from the other 12 Extension Districts. The State judging will be held September 6-9.

State winners will receive certificates, plaques and scholarships valued up to \$1600, depending on their awards program.

Senior winners from Medina County that will be going to State are: Achievement--Vince Gilliam, Hondo; Automotive--Joe Hartley, Natalia; Dairy Foods--Robin Saathoff, Hondo; Dog Care and Training--Tim Gilliam, Hondo; Foods and Nutrition--Donna Boehme, Rio Medina; and Safety--Denise Saathoff, Hondo.

Winners of the County contest are as follows: JUNIOR DIVISION, Achievement--Lesley Muennink, Hondo; Beef--Scott Howard,

Devine; Bread--Carolyn Lessing, Devine; Clothing--Joy Heffligman, Hondo; Commodity Marketing--Judy Hayter, Rio Medina; Dog Care and Training--Nancy Martin, Hondo.

Also, Foods and Nutrition--Jeanette Aelvoet, Hondo; Horticulture--Paul Aelvoet, Hondo; Horse--Nancy Smith, Devine; Home Improvement--Fayetta Thannisch, Devine; Poultry--Christi Lessing, Devine; Sheep--Keith Saathoff, Hondo; Citizenship (girl)--Vicky Gilliam, (boy)--Chris Cole, Hondo; Entomology--Hank Muennink, Hondo.

SENIOR DIVISION, Achievement--Vince Gilliam,

Hondo; Beef--Deanna Howard, Devine; Automotive--Joe Hartley, Natalia; Agriculture--Jimmy Mummie, Hondo; Dairy Foods--Robin Saathoff, Hondo; Clothing--Clara Zinsmeyer, LaCoste; Dog Care and Training--Tim Gilliam, Hondo; Food and Nutrition--Donna Boehme, Rio Medina; Horse--Andy Gilliam, Hondo; Safety--Denise Saathoff, Hondo; Santa Fe--Lynda Howard, Devine; Sheep--Karen Sultenfuss, Devine.

In District competition 11 of the 15 junior records won blue ribbons, three won red ribbons and one received a white ribbon.

## Social Security QUESTIONS & ANSWERS

**QUESTION:** I will be 62 in October. I earn \$8000 a year. If I retire the last of October, can I receive any social security benefits for 1972?

**ANSWER:** Yes, you may. Normally anyone making over \$1680 in a calendar year loses some social security bene-

fits. We will be able to pay you for November and December since you will not earn over \$140 in those months. A person can receive benefits for any month he does not earn over \$140 and is not active in a business, regardless of his earnings for the year.

**QUESTION:** I received my

first retirement check on July 3. Do I need to apply for the 20% increase?

**ANSWER:** No. The raise will be automatically included in everyone's check. The check you receive on October 3 should include this increase. You do not need to do anything.

## Son accepts award

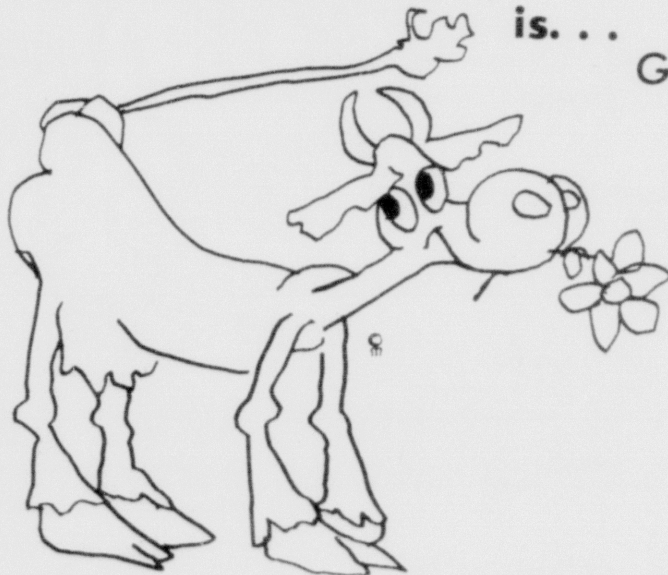

Bob Van De Walle accepts the Man of the Year Award in Texas Agriculture from Democratic gubernatorial candidate Dolph Briscoe in behalf of his father, Henry Van De Walle of San Antonio, as Thurman Kennedy, Bexar County Agricultural Agent, left, looks on. The senior Van De Walle, president of Van De Walle

Farms, Inc., was one of seven men this year presented the highest award given by the Texas County Agricultural Agents Association at the TCAA's annual convention recently in El Paso in recognition of their many contributions to Texas agriculture.
